

GEN. GEORGE C. KENNEY

August 23, 1968

Dear Andy:

Long delayed but no fooling, sincere thanks ever so much for your letter of last January and for the excellent collection of photos. I know I should have been at Dayton for that gathering and would have made it if Mrs. Kenney hadn't gotten so sick that I did not feel I should leave her. She is OK now and ready to sign up for one of her favorite places- Colorado Springs. Barring some dire catastrophe, we will be there.

From your letter there is no doubt that you had a most successful reunion and one that deserves repeating for a long time yet. From the photos, you all seemed to have weathered the passing of time fairly well, especially the girls. You guys did pretty well when you collected that damn fine looking bunch of women. I am looking forward to seeing them in 1969.

Best of everything to you and yours and to the rest of the gang.

Sincerely

*Gen George C Kenney*
